

Nancy H. Farrell, Office and Client Manager

Prior to joining the Able Kids Foundation, Nancy retired from Colorado State University. Ten years were spent in Conferences and Institutes where she managed the accounting area and the office staff. Her final 16 years were spent in the Department of Electrical and Computer Engineering (ECE) where she was the Alumni Relations and Outreach Coordinator for the Department. During that time, Nancy raised monies to establish two endowed scholarships for undergraduates in the ECE program.

After retirement, Nancy was co-chair of the largest and most successful after-prom at her daughter's high school raising over \$5,000 in cash and over \$25,000 in gift donations. She has also campaigned for the March of Dimes, United Way and Muscular Dystrophy.
